Dear Partners and Customers

CPT GROUP JSC would like to send to partners and customers the most respectful greetings

Along with the development and integration of the Vietnam's economy and larger region's, the industrial construction is also developing. Capital flows of domestic and foreign investors (FDI) are being continuously invested in Vietnam and the region

CPT STEEL, with 19 years of establishment and development, is a professional contractor in the field of steel structures and covering roofing sheets from the stages of "DESIGN, CONSULTATION, FABRICATION, and INSTALLATION. We have dedicated, responsible, dynamic, professional, and high-quality staff, who are always ready to devote for work and for green and sustainable development, and four plants with 18,000 tons/month, which are applied with the quality management system ISO 9001: 2015, ISO 14001:2015, ISO 45001:2015. When carrying out projects, the criteria of SAFETY, QUALITY, SCHEDULE, OPTIMAL SOLUTION, AND COMPETITIVE PRICE are strictly maintained and observed.

The guiding principle in cooperation with partners and customers is being always APPRECIATED BY partners and customers. With years of experience in completing projects that have been highly appreciated and trusted by prestigious domestic and foreign partners and customers, a number of partners have signed strategic cooperation agreements with CPT STEEL.

CPT STEEL is looking forward to working with our partners and customers on suitable projects in order to bring the highest value to the parties and contribute to the green and sustainable development of the economy of Vietnam and the region. We our partners and customers growth and success!

Best regards,

Nguyen Manh Ha
Chairman of the Board

CPT GROUP JOINT STOCK COMPANY

We are one of the leading companies in the field of designing, manufacturing, and supplying pre-engineered steel buildings in Vietnam

With our method of supplying lump-sum services of Design, Fabrication, and Installation of steel structures in general, and pre-engineered steel buildings in particular, we have focused on resources from quality personnel to modern and closed production lines to confidently provide customers with the best solutions for projects to optimize investment costs and quality. Currently, CPT STEEL is able to meet all the demands of designing, manufacturing, and installing steel structures for workshops, warehouses, restaurants, and pre-engineered buildings.

The brand name CPT STEEL has been associated with hundreds of large and small projects in both size and value across the country, which have been recognized and appreciated by customers for the quality and services provided. CPT STEEL is currently a close and long-term partner of domestic and foreign customers.

Focusing on quality to meet the strictest requirements of customers, CPT STEEL has applied the quality management system ISO 9001: 2015, ISO 14001:2015, ISO 45001:2015. so as to satisfy all the toughest investors from places/ countries such as Japan, Korea, Taiwan, Malaysia, Singapore, Hong Kong, The Czech Republic, and Vietnam,...

“Competitive price, good service quality, and guaranteed schedule” is our motto.

Vision

By 2030, CPT STEEL aims to become the leading brand in Vietnam for manufacturing steel structures and pre-engineered steel buildings. We will also solidify our position as a top reliable export partner in the international market.

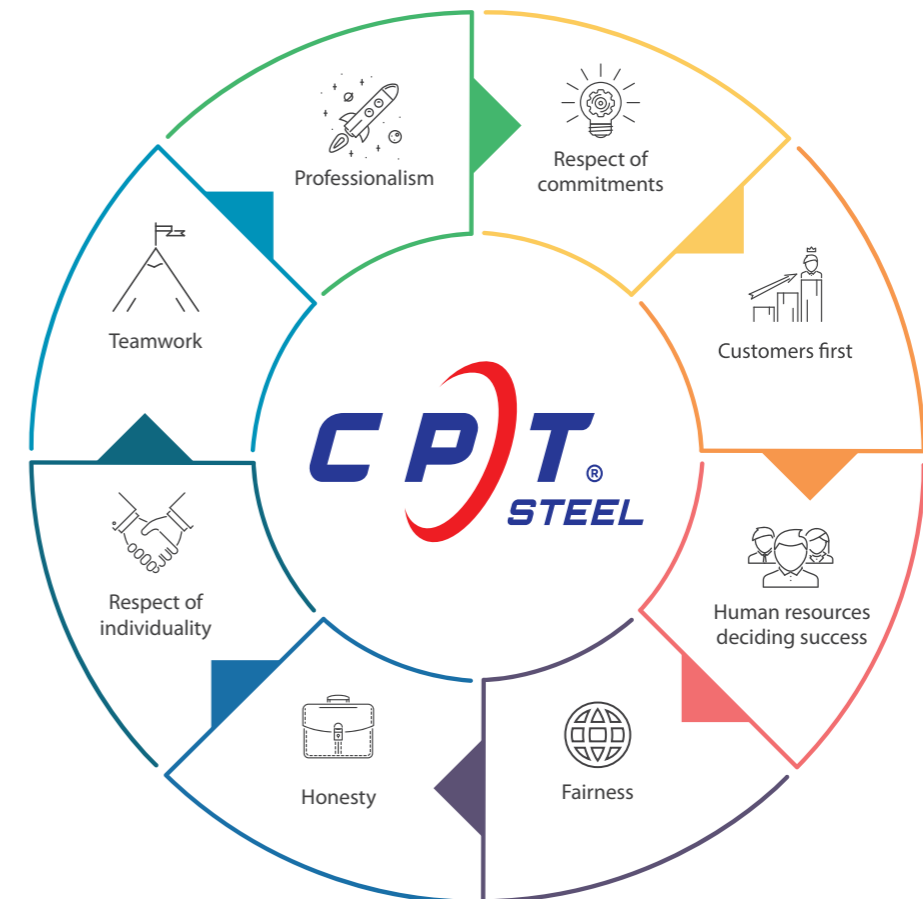

Mission

We provide high-quality steel structure and pre-engineered steel building solutions with optimized investment costs and guaranteed progress, thereby contributing to reducing emissions and protecting the environment throughout the project lifecycle.

We put customers at the center, aiming to become the leading trusted choice for quality and service. Concurrently, we build a safe, friendly, and development-rich working environment for every employee, contributing to enhancing community welfare.

We strictly adhere to professional business ethics, delivering sustainable value to shareholders, partners, and society.

Core values

Professionalism

The team of highly qualified staff have a professional and dedicated manners & behavior to ensure the success of the CPT STEEL brand.

Respect of commitments

CPT STEEL has always seriously implemented its commitments, including internal commitments and commitments to customers

Customers first

Customer satisfaction is the goal for all our activities

Respect of individuality

Employees have always been given the maximum opportunities to promote their capacity, develop themselves, and succeed with the company. They have always been listened to and advised by their colleagues regardless of their positions. They dare to speak straight and share their thoughts and views in the spirit of mutual respect, fairness and equality in every situation

Fairness

CPT STEEL has always treated employees, customers, suppliers, and stakeholders fairly.

Honesty

CPT STEEL has always emphasized honesty in relationships and transactions with customers and suppliers

Human Capital as the Core Pillar

Human resources are the central development element affecting success or failure. Therefore, CPT STEEL has always focused on investing in training and development of human resources.

Teamwork

There are common beliefs and goals for the development of the company Collaborative & Inclusive Culture. People help, support, show concern, and treat each other like brothers

HISTORY

2007

Establishment of CPT Vietnam Mechanical Construction JSC; Completion and commencement of the steel structure factory with a capacity of 300 tons/month.

2010

Expansion of the working office and investment in upgrading the production line of the factory, raising the capacity to 500 tons/month.

2012

Official opening of the company's representative office in Hanoi

2015

Adoption of the investment policy to build the factory to meet the increasing demand of the market; construction of factory No.2 was officially commenced on an area of 3.5 hectares in November

2016

Completion and commencement of the steel structure factory No. 02 with a comprehensively modern and highly automatic production line.
Workshop area: 20,000 m²
Capacity: 1,300 tons/month
Total investment: VND 80 billion

2021

Official opening of the company's representative office in Ho Chi Minh City and Over Sea office in Philippines and Indonesia, in crease export ratio.

2022

Completion and commencement of the steel structure factory No. 03. total capitor CPTSTEEL a 8.000 tons/ month.
Conversion of CPT Vietnam Mechanical Construction JSC to CPT Group JSC.

2024

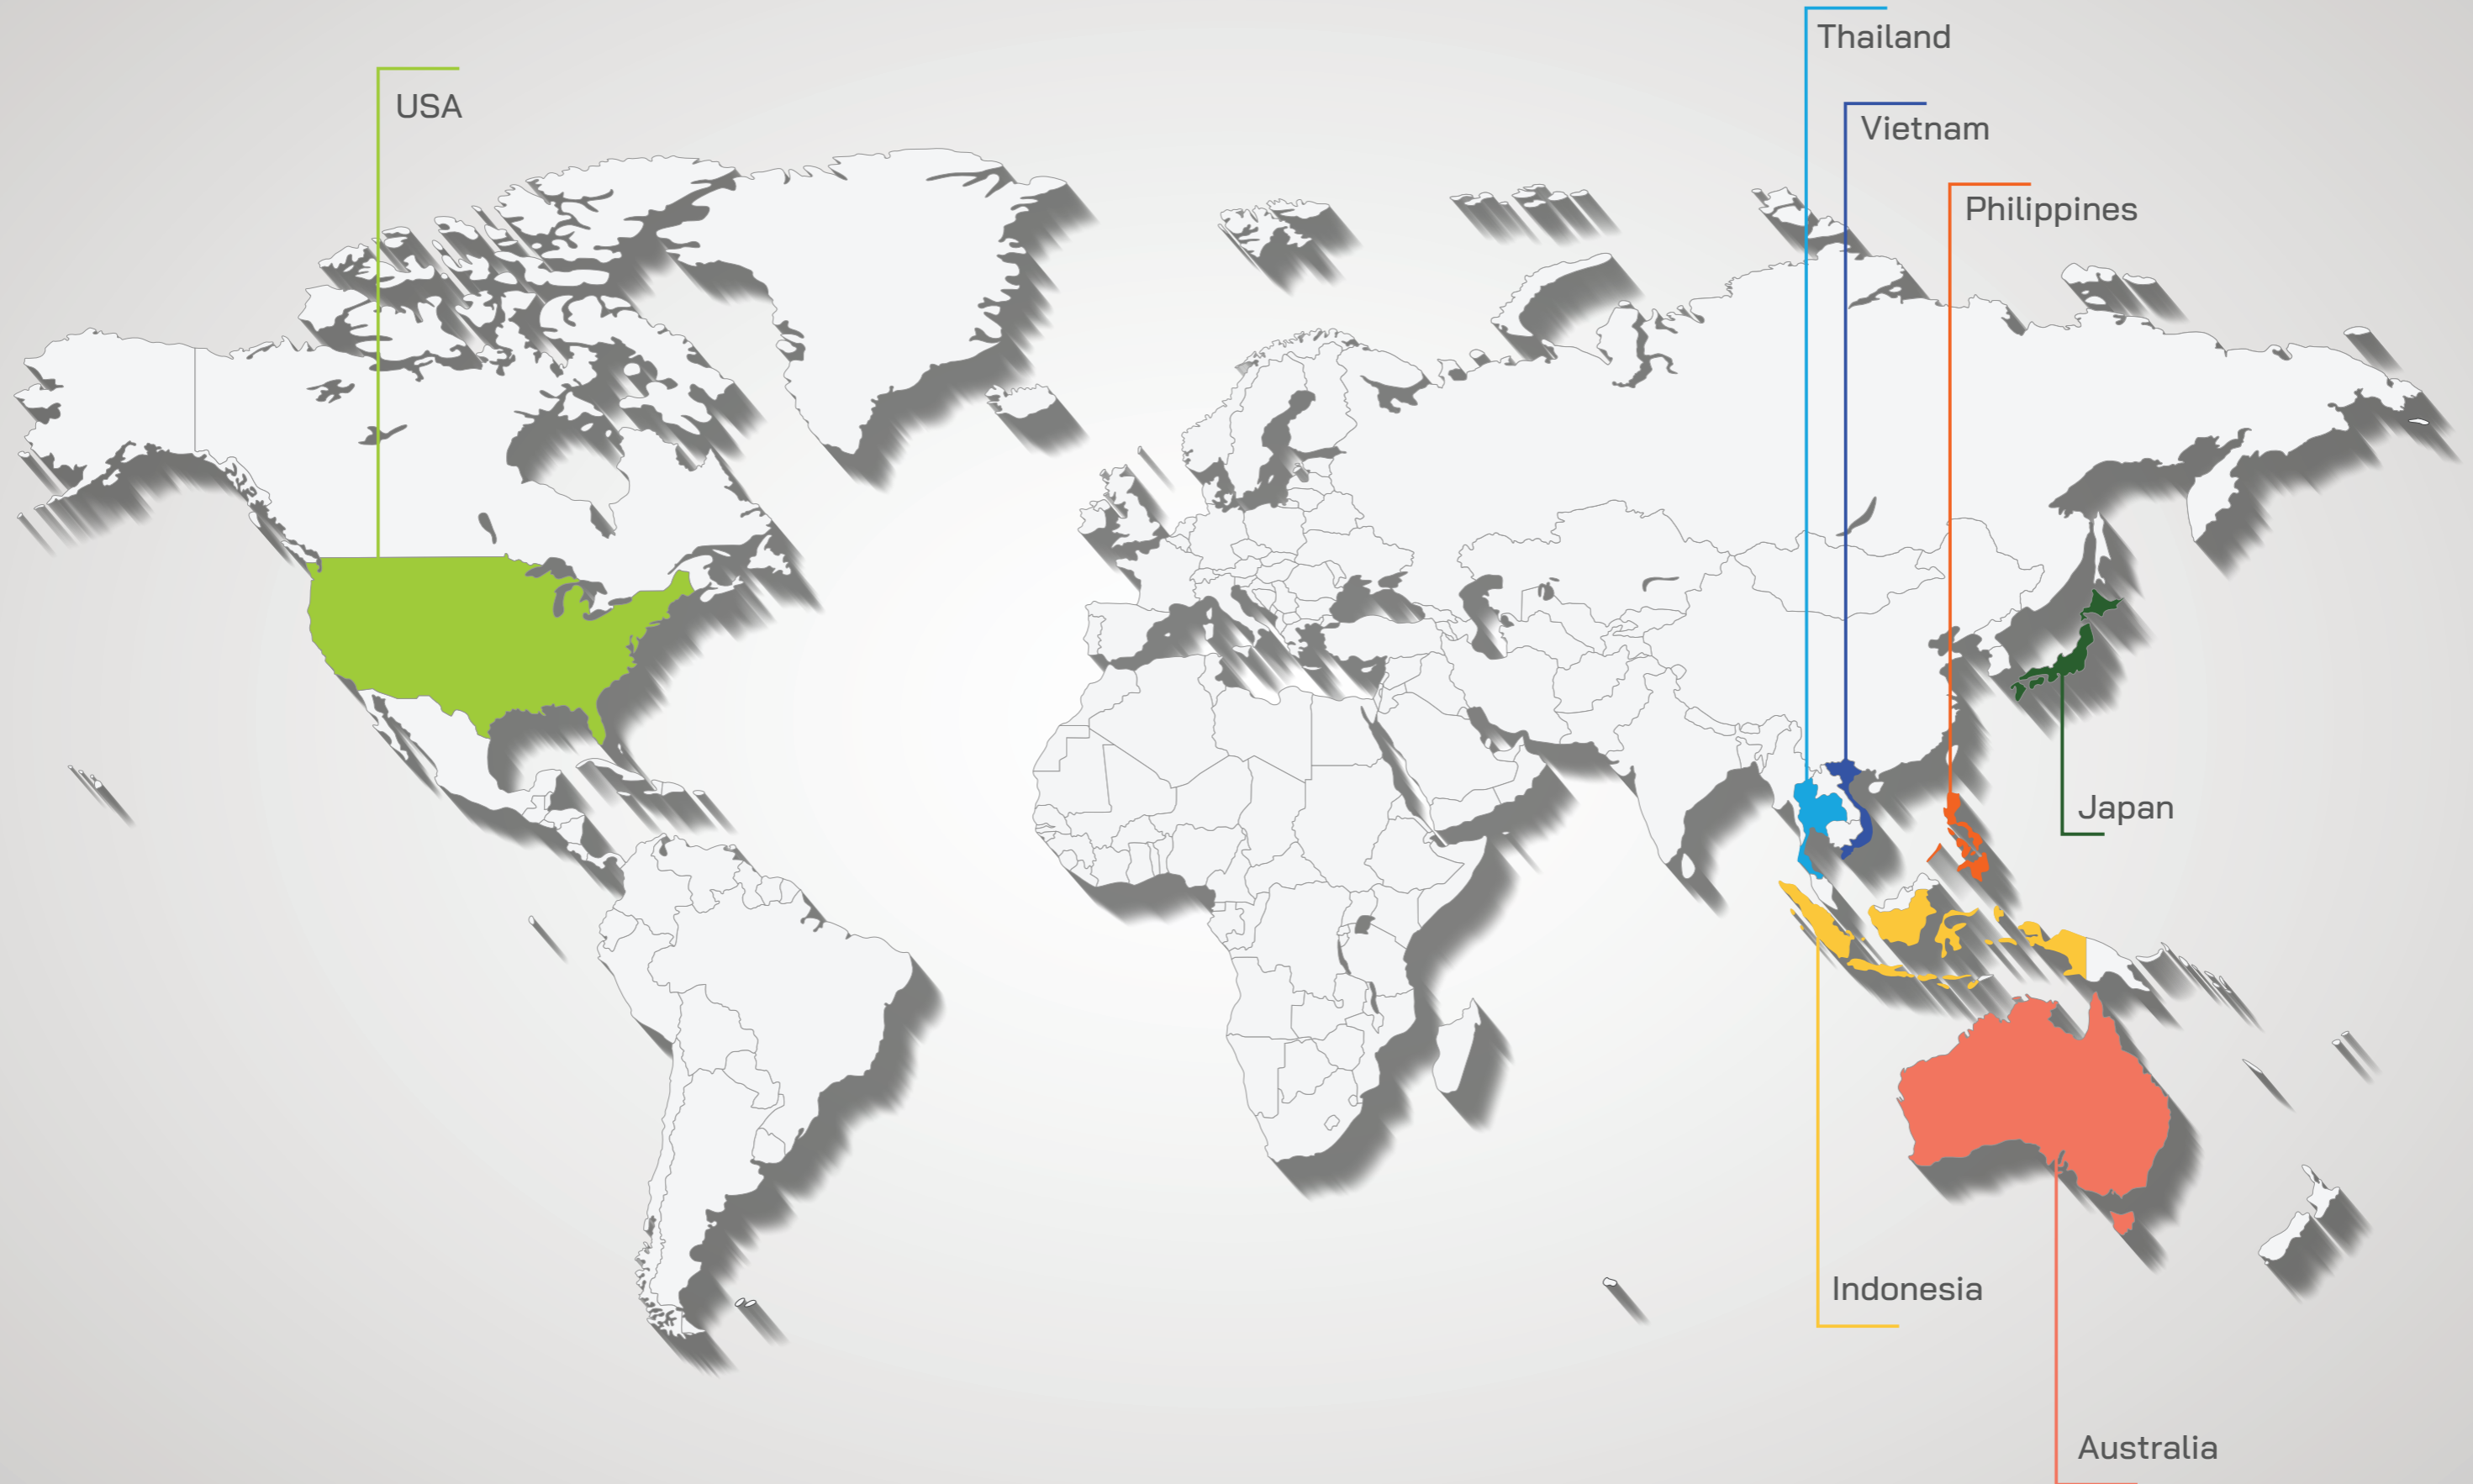

Opened a representative office in Japan

2025

Commencement of the mechanical product manufacturing complex construction in Bac Ninh.
Opened a representative office in Indonesia.

...

Our projects have been implemented in several countries

We recognize that investing in self-development and human development can bring about sustainable values in the long run. With a solid orientation and accumulated and constantly improved production line system and production technology, we have equipped our staff with a solid knowledge base, keen occupational thinking, and a spirit of non-stop practice, application, and self-development right down to the smallest daily task to reach the goal of making the biggest difference from the factory to the site, making the most cost-effective, high-quality products for our customers

DESIGN

All creative and coordination efforts in design and consultation are to provide the best solutions. With a creative, experienced, and dedicated team of designers, CPT STEEL is proud to bring hundreds of customers the optimal designs in the field of pre-engineered steel buildings

MANUFACTURING

With a modern production line and experienced, skilled, and well-trained stars, CPT STEEL will always bring high-quality products to customers

CONSTRUCTION

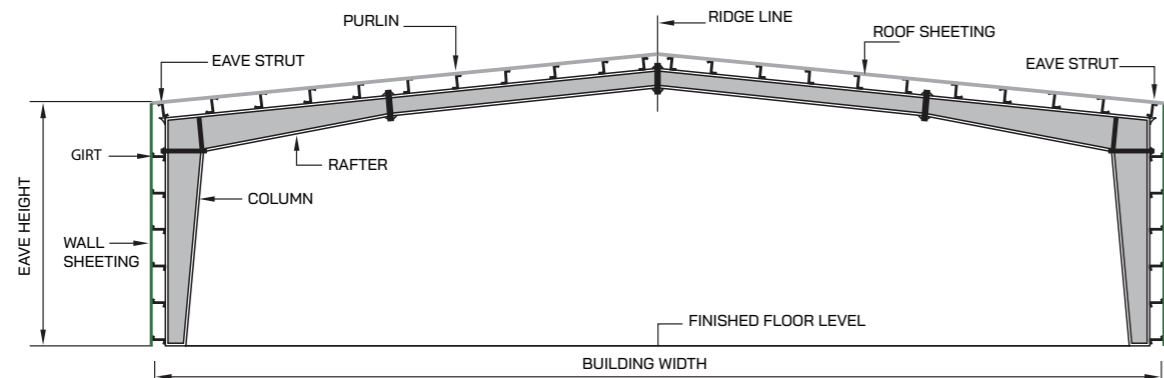

Labour safety is always a priority of CPT STEEL. The Company engineers and erection workers have been regularly trained in the field of labour safety

WARRANTY SERVICES.

Not only does the warranty service help minimize risks and incidents, but it also enhances the value and trust of the construction project. CPT STEEL is committed to quality and professional services. The warranty service plays a crucial role in building long-term relationships and fostering trust with our customers.

Our Core Values, including Integrity, Honesty, and Quality, have confirmed that CPT STEEL will always bring "satisfaction in cooperation"

CJSC
Date: October 20th, 2017
RECOMMENDATION LETTER

To Whom It May Concern,

We, CJSC - Design and Build Contractor with 15 years of experience in the field of industrial construction, confirm that CPT Steel is the professional contractor for steel structure. We cooperated with CPT Steel on our 5 projects:

- Kyungil Optics New Factory located at Binh Xuyen Industrial Zone, Vinh Phuc Province.
- Bando Viet Nam New Factory located at Thang Long 2 Industrial Zone, Hung Yen Province
- Sangshin Electronics New Factory at Dai An Industrial Zone, Hai Duong Province.
- Fuji New Factory at Tan Truong Industrial Zone, Hai Duong Province.
- Kos Hanoi Factory location at Dong Van 2 Industrial Zone, Ha Nam Province.

During implementation of above projects, we have always been satisfied with the quality of projects. CPT STEEL has actively assisted, which contributes to optimize design for works related to steel structure.

CPT STEEL has ensured to complete projects with Safety, Quality.

We would like recommend CPT STEEL to companies looking for an experienced contractor in Design - Production - Installation of steel structure work for factory.

LETTER OF ASSESSMENT

During the course of construction and development of DABACO Vietnam Group, we have been constantly expanding our investment in projects of production factories and trade centers across the country.

Together with the development of the Group, we have always received in construction from professional contractors, including CPT STEEL (CPT STEEL).

We have assigned CPT STEEL to perform major projects of the group such as:

- * TOPFEEDS high-quality feedstuffs processing plants complex
- * NUTRENCO feedstuffs processing plants complex
- * Hiep Quang Packaging Factory Complex
- * NASACO Ha Nam feedstuffs processing plants complex
- * DABACO Tan Chi Vegetable Oil Factory Complex
- * DABACO Gia Binh Trade Center
- * DABACO Tu Son Trade Center

Based on CPT STEEL's performance of major projects, we assess that:

- CPT STEEL is a contractor who always meets and maintains the criteria of "SAFETY, QUALITY, SCHEDULE, and GOOD SOLUTION".
- CPT STEEL is a professional and reliable contractor.
- DABACO Vietnam always appreciates CPT STEEL.

DABACO Vietnam wishes CPT Vietnam a more sustainable development and always being a good partner to cooperate with us to perform future projects.

Best regards!
